First cast, first fish, first kayak, the first fishing experience. Hobie Cat® Company wants to create new fishing moments for anglers of all ages and skill levels in the new Hobie® First Cast program. Don't have a kayak? No problem! Morgan Marine will provide each participant with a Hobie Mirage® kayak and an experienced kayak fishing guide to get you jumpstarted into kayak fishing. The best part of fishing on a Hobie Mirage? Your hands are free to tend to your line. Hobie's patented MirageDrive® system allows you to pedal your kayak instead of paddling it. To quote Bass Fishing Hall of Famer, Hank Parker: "If you've got a paddle in your hand, you aren't fishing!"
